

# Waypoint™ Pistol Grip Spotlight

Case Material: High impact polycarbonate housing

Dimensions: Length: 6.75 in. (17.15 cm) Height: 7.14 in. (18.14 cm) Head Diameter: 3.50 in. (8.89 cm)

Weight: 1.8 lb (816 grams) with batteries 1.2 lbs (544 g) without batteries

Lens: Unbreakable polycarbonate lens. O-ring sealed

Light Source: C4® LED technology, shock-proof with a 50,000 hour lifetime.

Light Output: High output, Low output or Strobe. Deep-dish parabolic reflector produces a long range targeting beam with optimum peripheral illumination. Optimized electronics provides regulated intensity.

On/Off: Trigger style switch. Secondary rotary switch selects output mode.

Battery: Four "C" alkaline batteries (sold separately)

- Features:
- LED Solid-State power regulation provides maximum light output throughout battery life.
  - IPX4 rated design; water resistant operation
  - 1 meter impact resistance tested
  - Integrated stand for hands-free scene lighting
  - Operation using battery or 12V DC power cord
  - Removable lanyard

Approvals: Most models meet applicable European Community Directives

Warranty: Limited lifetime warranty

4 C Battery Operation

	FL 1 STANDARD	HIGH	LOW
OUTPUT		210 LUMENS	20 LUMENS
RUNTIME		8h 30min	120h
DISTANCE		678m	245m
INTENSITY		115,000 cd	10000cd

All run time claims to 10% of initial lumen output.

Unlimited runtime when using 12V DC power cord.

Strobe run time 120 hours

Specific lighting needs require specific tools. With the right lighting tool, you can identify potential or existing problems before they interrupt your ability to get the job done. In addition the costs savings of using the right tool over time will benefit the bottom line.

Unlike incandescent bulbs, LEDs don't break or burn out so they don't require periodic replacement. Streamlight's revolutionary C4 LED technology, combined with an innovative Streamlight-engineered reflector provides sharp, focused light that rivals incandescent intensity without giving up the durability and longevity of an LED.

Streamlight's LED flashlights offer solid-state construction, durable LED flashlights deliver long run times at low illumination levels and strobing and dimming options.

A "hands-free" working situation is sometimes necessary, is much more productive, and safer. No need to juggle while you work to complete a task with one hand while holding your flashlight in the other. With the Waypoint's integrated stand, the user can set the light and direct the beam where needed for hands-free lighting tasks.

Item		UPC	Part #
Waypoint with 12V DC power cord	Yellow	080926-44900-8	44900
Waypoint with 12V DC power cord	Black	080926-44902 -2	44902
